

Prom night convoy of Minis

A MINI convoy of 16 cars transported Ria Dell to her prom, thanks to Eastbourne Mini Club. Ria is a club member's daughter and her fellow students at Willingdon School were offered spare seats in the distinctive cars for a donation to the

club's chosen charity for the year. The Lee Spark Foundation, which supports people with necrotising fasciitis, also known as flesh-eating bug, received £110 from the event. (c)
